Date Prepared	18/02/2025
Date Last Updated	8/09/2025

Our Vision & Values: A leading organisation that collaborates & innovates

We are committed to **safety**

We work as one **team**

We act with **integrity**

We care about our **customers**

We **continuously improve**

Primary Purpose of Position

To support the Rolling Capital Works Program through the Project Management Office (PMO) and Framework (PMF) for all assets within the team's area of responsibility, including as a minimum traffic devices, footpaths/shared paths, cycleways, pedestrian/shared bridges, bus stops and street furniture.

Accountabilities

- Assist the Team Leader to develop and deliver the Rolling Capital Works Program through Council's PMO and PMF including the coordination with other asset coordinators/team leaders to achieve a whole of place project planning
- Contribute to the development and implementation of Council's Delivery Program, Operational Plan and the Unit Plan as a key member of the Unit, participating in a multi-disciplinary environment
- Assist in the procurement process for projects, including participating in assessment panel and as subject matter expert
- Review and approve draft and preliminary construction drawings provided by the Asset Design unit ensuring the scope and budgets are met and compliance with relevant standards, and where applicable, to the requirements of utility service providers and government authorities
- Prepare and maintain relevant policies, guidelines and standard drawings for related asset categories and provide expert advice to the community, staff and Council.
- Prepare grant applications and ensure compliance with reporting obligations to external authorities
- Investigate and provide advice regarding acquisition and disposal of Council assets as required
- Contribute to the development of asset prioritisation modelling, updating of Asset Management Plans and cyclic condition assessment of related assets
- Investigate and respond to customer requests as allocated and where applicable make recommendations to include in the Rolling Capital Works Programs or request maintenance works as necessary
- Participate in community consultation processes for projects identified on the Capital Works Program in conjunction with other Departments of Council as required

- Prepare project brief, program, deliverables and contract documentation for the engagement of consultants as required
- Initiate Traffic Committee and relevant public consultations, prepare Draft Traffic reports and implement recommended design modifications.
- Arrange surveys and data collection relating to traffic, transport, pedestrians and parking
- Coordinate with the staff from other divisions and external agencies such as Transport for NSW, Police, Bus Service Providers, Schools and Community Groups etc. in relation to Capital Works Program project planning activities to ensure local traffic and road safety objectives are met and compliance achieved with Council policies, guidelines and Standard Drawings.
- Prepare presentation briefings, correspondence and write reports and issues papers as required
- Collaborate with other department to deliver on Council's objectives
- Develop a culture of customer service excellence and continuous business improvement within the team
- Provide infrastructure related advice on development applications as required
- Support other Units/Teams within the City Future Department as required
- Undertake other projects and/or tasks as required.
